

California Vanpool Authority

AGENDA ITEM 7-3.

March 14, 2024

Prepared by Georgina Landecho, Executive Director

SUBJECT:

Information: EEC Update & CalVans Bill Report

BACKGROUND:

The Sacramento, California-based Environmental and Energy Consulting (EEC) provides professional lead consulting for environmental policy, providing full services for transportation, energy, and climate objectives strategy, regulatory support, project, and program funding development, budget process expertise, or overall policy guidance.

EEC's Erika Romero, Associate, will provide a brief overview of the attached written report to inform CVA board members and interested parties of the status of the scope of work and legislative directives and updates.

DISCUSSION:

The Legislative Session

The Legislature is beginning to set hearings for policy bills and to discuss the state budget. It will continue to do this until March 21st when it is set to adjourn for Spring Recess. The legislature will reconvene on April 1st.

State Budget

As part of the budget hearings, legislators are working to find budget solutions to what is currently projected to be a \$73 billion budget deficit. Although the budget is tough, EEC staff will continue to meet with legislative staff about the opportunity to include \$100 million in the budget (or a bond) for the deployment of zero emission vehicles for use by low-income agricultural workers. Assemblymember Soria is weighing championing the issue, this would be huge as she is the Assembly Ag Committee Chair.

Legislative Measures

There are several measures EEC is currently looking into for CalVans (see attached bill report). However, EEC is not prepared to provide recommendations until more is known about where the author's are going with them.

1st House				2nd House							

Summary: The Ralph M. Brown Act requires, with specified exceptions, each legislative body of a local agency to provide notice of the time and place for its regular meetings and an agenda containing a brief general description of each item of business to be transacted. The act also requires that all meetings of a legislative body be open and public, and that all persons be permitted to attend unless a closed session is authorized. The act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Existing law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. Current law authorizes the legislative body of a local agency to use alternate teleconferencing provisions during a proclaimed state of emergency (emergency provisions) and, until January 1, 2026, in certain circumstances related to the particular member if at least a quorum of its members participate from a singular physical location that is open to the public and situated within the agency’s jurisdiction and other requirements are met (nonemergency provisions). This bill, until January 1, 2026, would authorize a subsidiary body, as defined, to use similar alternative teleconferencing provisions and would impose requirements for notice, agenda, and public participation, as prescribed. In order to use teleconferencing pursuant to this act, the bill would require the legislative body that established the subsidiary body by charter, ordinance, resolution, or other formal action to make specified findings by majority vote, before the subsidiary body uses teleconferencing for the first time and every 12 months thereafter.

[AB 2302](#) (Addis D) Open meetings: local agencies: teleconferences.

Introduced: 2/12/2024

Status: 2/26/2024-Referred to Com. on L. GOV.

Location: 2/26/2024-A. L. GOV.

1st House				2nd House							

Summary: The Ralph M. Brown Act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Current law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. Current law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing in specified circumstances if, during the teleconference meeting, at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the boundaries of the territory over which the local agency exercises jurisdiction, and the legislative body complies with prescribed requirements. Current law imposes prescribed restrictions on remote participation by a member under these alternative teleconferencing provisions, including establishing limits on the number of meetings a member may participate in solely by teleconference from a remote location, prohibiting such participation for a period of more than 3 consecutive months or 20% of the regular meetings for the local agency within a calendar year, or more than 2 meetings if the legislative body regularly meets fewer than 10 times per calendar year. This bill would revise those limits, instead prohibiting such participation for more than a specified number of meetings per year, based on how frequently the legislative body regularly meets.

Support

SB 537

(Becker D) Open meetings: multijurisdictional, cross-county agencies: teleconferences.

Introduced: 2/14/2023

Last Amend: 9/5/2023

Status: 9/14/2023-Ordered to inactive file on request of Assembly Member Bryan.

Location: 9/14/2023-A. INACTIVE FILE

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law, until January 1, 2024, authorizes the legislative body of a local agency to use alternate teleconferencing provisions during a proclaimed state of emergency or in other situations related to public health that exempt a legislative body from the general requirements (emergency provisions) and impose different requirements for notice, agenda, and public participation, as prescribed. The emergency provisions specify that they do not require a legislative body to provide a physical location from which the public may attend or comment. Current law, until January 1, 2026, authorizes the legislative body of a local agency to use alternative teleconferencing in certain circumstances related to the particular member if at least a quorum of its members participate from a singular physical location that is open to the public and situated within the agency’s jurisdiction and other requirements are met, including restrictions on remote participation by a member of the legislative body. These circumstances include if a member shows “just cause,” including for a childcare or caregiving need of a relative that requires the member to participate remotely. This bill would expand the circumstances of “just cause” to apply to the situation in which an immunocompromised child, parent, grandparent, or other specified relative requires the member to participate remotely. The bill would authorize the legislative body of a multijurisdictional, cross-county agency, as specified, to use alternate teleconferencing provisions if the eligible legislative body has adopted an authorizing resolution, as specified. The bill would also require the legislative body to provide a record of attendance of the members of the legislative body, the number of community members in attendance in the teleconference meeting, and the number of public comments on its internet website within 10 days after a teleconference meeting, as specified. The bill would require at least a quorum of members of the legislative body to participate from one or more physical locations that are open to the public and within the boundaries of the territory over which the local agency exercises jurisdiction.

Watch

AB 2626

(Dixon R) Advanced Clean Fleets regulations: local governments.

Introduced: 2/14/2024

Status: 3/4/2024-Referred to Coms. on TRANS. and NAT. RES.

Location: 3/4/2024-A. TRANS.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Current law requires the State Air Resources Board to adopt and implement motor vehicle emission standards, in-use performance standards, and motor vehicle fuel specifications for the control of air contaminants and sources of air pollution that the state board has found necessary, cost effective, and technologically feasible. Pursuant to its authority, the state board has adopted the Advanced Clean Fleets Regulation, which imposes various requirements for transitioning local, state, and federal government fleets of medium- and heavy-duty trucks, other high-priority fleets of medium- and heavy-duty trucks, and drayage trucks to zero-emission vehicles. The Advanced Clean Fleets Regulation authorizes entities subject to the regulation to apply for exemptions from its requirements under certain circumstances. This bill would extend the compliance dates for local government set forth in the Advanced Clean Fleets Regulation by 10 years. The bill would prohibit the state board from taking enforcement action against a local government for violating the Advanced Clean Fleets Regulation if the alleged violation occurs before January 1, 2025.

SB 768

(Caballero D) California Environmental Quality Act: State Air Resources Board: vehicle miles traveled: study.

Introduced: 2/17/2023

Last Amend: 1/11/2024

Status: 1/29/2024-Read third time. Passed. (Ayes 34. Noes 4.) Ordered to the Assembly. In Assembly. Read first time. Held at Desk.

Location: 1/29/2024-A. DESK

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. Current law requires the Office of Planning and Research to prepare, develop, and transmit to the Secretary of the Natural
